A dental home is the ongoing relationship between the dentist and the patient, inclusive of all aspects of oral health care delivered in a comprehensive, continuously accessible, coordinated, and family-centered way.

A dental home should be able to provide the following:

- Preventive and comprehensive oral health care services for children and adults.
- Comprehensive assessment for oral diseases and conditions.
- Individualized preventive oral health program based upon caries-risk assessment and periodontal disease assessment.
- Dental services include deep cleanings, fillings, root canals, extractions, and dentures.
- Information about proper care of teeth and gums.
- Dietary counseling.
- Referrals to dental specialists when care cannot be directly provided within the dental home.

We accept most health insurances including: MEDI-CAL | MEDICARE | COVERED CA
